increasingly astronomers recognize that if the cosmos had not unfolded exactly as it did humanity would not could not exist yet these researchers along with countless ordinary folks resist belief in the biblical creator why they say a loving god would have made a better home for us one without trouble and tragedy in why the universe is the way it is hugh ross draws from his depth of study in both science and scripture to explain how the universe s design fulfills several distinct purposes he also reveals god s surpassing love and ultimate purposes for each individual why the universe is the way it is will interest anyone who wonders where and how the universe came to be what or who is responsible for it why we are here or how and when the universe ends far from leaving the reader at this philosophical jumping off point ross builds toward answering the big question of human destiny and the specific question of each reader s personal destiny

the current shift in demographics aging and shrinking populations in many countries around the world presents a major challenge to companies and societies alike one particularly essential implication is the emergence and constant growth of the so called silver market the market segment more or less broadly defined as those people aged 55 and older increasing in number and share of the total population while at the same time being relatively well off this market segment can be seen as very attractive and promising although still very underdeveloped in terms of product and service offerings this book offers a thorough and up to date analysis of the challenges and opportunities in leveraging innovation technology product development and marketing for elder consumers and employees key lessons are drawn from the japanese lead market as well as other select

countries
