concerns with the nature of and relationship between responsibility and responsabilisation pervade contemporary social political and moral life this book turns the analytical lens on the ways in which responsibility and responsabilisation operate in diverse educational settings and relationships and social policy and geographical contexts in the usa europe the uk new zealand and australia scholars have sought to explain the genealogy and the m@lange of rationalities technologies bio politics and modes of governmentality that bring responsibility and responsabilisation into being how they act on and are taken up by individuals groups and organisations and the risks and possibilities they create and delimit for individuals social collectives and their freedoms contributors to this collection have diverse views and perspectives on responsibility and responsabilisation this disagreement is a strength it underlines the importance of unravelling both the differences and similarities across scholars and contexts it also issues a salutatory warning about assumptions that reduce the complex concepts of responsibility and responsabilisation to simplistic fixed categories or to generalising and universalising single cases or experiences to all areas of education this volume was

originally published as a special issue of discourse studies in the cultural politics of education

lgl monitoring report providing an analysis of collected data and presentation of real stories revealing problems faced by lgbti people in their everyday lives in lithuania

revised edition of handbook of social work with groups 2006

challenging the myths about lgbtq kids and bullying what it means to protect queer kids in schools conversations around lgbtq kids in school have become dominated by the subject of bullying although this may be due to good faith efforts to protect vulnerable students queer kids and social violence demonstrates that a focus on bullying as acts of individual peer aggression fails to address the social norms that perpetuate the violence considering the broader contexts of bullying this volume offers ways to engage with queer youth that are both more humanizing and more likely to create sustainable change essays by leading international scholars analyze how bullying discourse shapes policy and practice using in depth case studies research findings and examinations of political policy to guide readers through the various forms of violence identity regulation and identity erasure in schools offering conversation shifting interventions to respond to a difficult and frightening political moment for lgbtq youth queer kids and social violence is a rounded empathetic picture that does queer youth justice and points the way toward safer schools for all contributors ana mar a amigo ventureira durell m callier cristyn davies ren@e depalma tania ferfolja jessica fields elliot fonarev jen gilbert tristan gleason dominique c hill angela ingram laurie gutmann kahn cris mayo mollie mcquillan aoife neary c j pascoe victoria rawlings ej renold jessica ringrose kerry h robinson dorte marie s ndergaard cris townley jacqueline ullman boni wozolek retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions

essay from the year 2012 in the subject didactics for the subject english miscellaneous grade 80 1 1 language english abstract transphobia can be defined as fear disgust stereotyping or hatred of transgender transsexual and other gender non traditional individuals because of their perceived gender identity expression or status transgender

is an umbrella term denoting or relating to a person whose self identity does not conform unambiguously to conventional notions of male or female gender transsexual refers to a person either pre op or post op a transvestite or cross dresser can be defined as a person of either sex who derives erotic pleasure from cross dressing gender should be understood to mean the hetero normative social and cultural codes of masculinity and femininity rather than the biological male female anatomical sex although the essay focuses on two films containing transgender serial killers it must be noted in order to understand the extent of the stereotype that many more depictions of transgender killers exist in the horror thriller genre dressed to kill 1980 cherry falls 2000 and sleepaway camp 1983 to name just a few the essay addresses depictions of transgender identities in connection with derogatory stereotypes and consequently hopes to reveal a correlation between public perceptions associated to transgender individuals and the way in which they are portrayed on screen

this book addresses sociological theory highlighting its relevance to policy curriculum and practice for the pre service teacher education student

youth identification growth examines the rising rates of lgbtq identification among young people exploring whether this increase signifies a trend or a fundamental shift in understanding identity it uniquely connects this growth with increased access to education and the proliferation of online communities the book argues that these factors empower youth to explore and express their identities in unprecedented ways for example the expansion of lgbtq inclusive curricula in schools correlates with increased self identification while online platforms offer spaces for connection and affirmation the book adopts a multidisciplinary approach drawing from psychology sociology and gender studies to analyze the social construction of identity it investigates the influence of education on lgbtq awareness and the role of online communities in identity formation the content is presented with a balance of quantitative data and qualitative research beginning with historical context the book progresses through an examination of educational impacts and digital influence culminating in a discussion of implications for social policy and mental health

online version of the 3 vol work published by gale providing a comprehensive survey of lesbian and gay history and culture in the united states

there is very little discussion of socially just approaches to speech language pathology within other fields of clinically oriented practice social justice is a topic that has received a great deal of attention within the last few years pedagogy for addressing social justice has been developed in other disciplines the field of communication disorders has failed to move forward and do the same discussion of social justice is important given the current sociopolitical climate and landscape that clients carry out in their day to day functioning speech language pathologists slps have an opportunity to engage in practices that help address and alleviate some of the injustices that contribute to educational and health disparities experienced by communities of color they may do this through the development and application of a socially just orientation of culturally competent practice that fosters changes beyond the individual level adapting such a framework makes it possible for slps to effectively advocate for and foster equity and inclusion for the individuals and broader communities impacted by slp services critical perspectives on social justice in speech language pathology addresses the socio political contexts of how the field of speech language pathology and service delivery can impact policy and debates related to social justice issues it explores social position factors and the experiences of marginalized communities to explore how speech language pathologists deliver services train and prepare students and carry out research in communities of color it covers topic areas including disproportionality in special education disability rights and ableism achievement and opportunity gaps health disparities and lgbtq rights with a focus on voice communication and gender diverse populations this book is essential for speech language pathologists administrators practitioners researchers academicians and students interested in how the slp profession and discipline can contribute to or develop efforts to help address injustices faced by black indigenous and people of color bipoc communities

online version of the 3 vol work published by gale providing a comprehensive survey of lesbian and gay history and culture in the united states

this book describes and analyzes the lived experience of elder abuse from the queer community it discusses the experiences by transwomen gay men and lesbians of financial abuse physical and sexual abuse homophobic abuse and neglect within partner relationships residential care in home care and religious organizations queer and trans elders have been described as the silent generation since they have lived through times when their sexual and gender identities were criminalized and pathologized the book shows that they are far more at risk to suffer abuse and neglect by those they should be able to trust since they are more likely to have encountered all key risk factors such as isolation previous abuse and trauma and mistrust of the health care system their vulnerability has been overlooked and this book addresses that gap as such this book provides a great resource to anyone working with elders including medical professionals care providers police counsellors and policy makers
