these nine new essays on homer s epics deal not only with major homeric themes of time honor kleos fame geras rewards the psychology of homeric warriors and the re evaluation of type scenes but also with homer s influence on contemporary film following the introduction and an essay which sets the historical background for the epics four essays are devoted to fresh analysis of key passages and themes while another four turn to a discussion of the film troy and homer s influence on two other genres of american cinema

drawing on the homeric epics this multidisciplinary work reveals the cultural transformations which need to take place in order to transition from today s modern extractive agricultural system to a sustainable natural systems agriculture in order to provide an imaginative foundation on which to build such a cultural transformation the author draws on the oldest and most pervasive pair of literary works in the western canon the iliad and the odyssey he uses themes from those foundational literary works to critique the concept of state sovereignty and to explain how innovative federalism structures around the world already show momentum building toward changes in global environmental governance the book proposes a dramatic expansion on those innovations to create eco states responsible for agroecological management drawing from many years of experience in international institutions the author proposes a system of coordination by which an international agroecology focused organization would simultaneously i avoid the shortcomings of the world s current family of powerful global institutions

and it help create and implement a reformed system of local landscape based agriculture wholly consistent with ecological principles acknowledging the difficulty of achieving reforms such as these the author suggests that a new cultural conceptual narrative can be constructed drawing on values set forth 2 700 years ago in the homeric epics he explains how these values can be reimagined to drive forward our efforts in addressing today s the climate and agricultural crises in ways that reflect not reject the natural processes and relationships that make the earth a living planet this book will be of great interest to students academics and policymakers addressing issues of agrarian values environmental and agricultural law environmental restoration agroecology and global institutional reform

investigates literary memory in the fifth century bce covering poetry and oratory as well as the first greek historians

hailed by plato as the tenth muse of ancient greek poetry sappho is inarguably antiquity s greatest lyric poet born over 2 600 years ago on the greek island of lesbos and writing amorously of women and men alike she is the namesake lesbian what s left of her writing and what we know of her is fragmentary shrouded in mystery she is nonetheless repeatedly translated and discussed no appropriated by all sappho has most recently undergone a variety of treatments by agenda driven scholars and so called poet translators with little or no knowledge of greek classicist translator jeffrey duban debunks the postmodernist scholarship by which sappho is interpreted today and offers translations reflecting the charm and elegant simplicity of the originals duban provides a reader friendly overview of sappho s times and themes exploring her eroticism and greek homosexuality overall he introduces us to sappho s highly cultured island home to its lyre accompanied musical legends and to the fabled beauty of lesbian women not least he emphasizes the proximity of lesbos to troy making the translation and enjoyment of homer s iliad and odyssey a further focus more than anything else argues duban it is free verse and its rampant legacy and no two persons more than walt whitman and ezra pound that bear responsibility for the ruin of today s classics in translation to say nothing of poetry in the twentieth century beyond matters of reflection for classicists duban provides a far ranging beginner s guide to classical literature with forays into spenser and milton and into the colonial impulse of virgil spenser and the west at large

shows how contemporary adaptations on the stage and on the page can breathe new life into greek tragedy

while preserving the basic narrative of the iliad this selection also highlights the epic s high poetic moments and essential mythological content and will prove especially useful in surveys of world literature

gripping lombardo s achievement is all the more striking when you consider the difficulties of his task he manages to be respectful of homer s dire spirit while providing on nearly every page some wonderfully fresh refashioning of his greek the result is a vivid and disarmingly hardbitten reworking of a great classic daniel mendelsohn the new york times book review

detailed case studies of novels by leonard cohen michael ondatje george bowering daphne marlatt and anne carson as well as sections on a m klein and anne

michaels reveal how these authors framed their early novels according to formal precedents established in their poetry in tracking the authors shift from lyric to long poem to novel rae also investigates their experiments with non literary art forms photography painting film the authors discussed combine disparate genres and media to alter notions of narrative coherence in the novel and engage the diverse but fragmented cultural histories of canadian society

world mythology is a compilation of over 50 great myths and epics your students will gain an appreciation and understanding of ancient and modern cultures through myths and epics from the middle east greece and rome the far east and pacific islands the british isles northern europe africa and the americas an introduction and historical background supplement each myth questions at the end of each selection prompt analysis and response

parmenides and the history of dialectic is a study of greek philosophical method as it affects contemporary philosophical issues what was distinctive about the method of parmenides the inventor of philosophical argument as we know it how did parmenides method affect plato s dialectic which was supposed to provide the solution to all ultimate philosophical problems how in turn did plato influence hegel and our subsequent tradition there are many studies of parmenides text its philosophical content and its influence this study aims to do something different to look at the form of the argument the scope of its positive and negative language the balanced structure its author generates and the clear parallels with plato s parmenides along the way austin considers issues like these was parmenides an absolute monist entitled to speak at all and in many negative words at that how did he think that his own language related to the reality that he was trying to describe what was his notion of the use of metaphor what logical techniques did he invent has his type of philosophy come to an end

epicurus and his roman disciple lucretius held that the primary cause of human unhappiness was an irrational fear of death what is more they believed that a clear understanding of the nature of the world would help to eliminate this fear for if we recognize that the universe and everything in it is made up of atoms and empty space we will see that the soul cannot possibly survive the extinction of the body and no harm to us can occur after we die this liberating insight is at the core of epicurean therapy in this book konstan seeks to show how such fears arose according to the epicureans and why they persist even in modern societies it offers a close examination of the basic principles of epicurean psychology showing how a system based on a materialistic world view could provide a coherent account of irrational anxieties and desires and provide a therapy that would allow human beings to enjoy life to the fullest degree
